

HENEY AND ABRAM RUEF

Judge Graham Refuses to Hear Argument.

GRAFTERS ARE SCARED

Court Refuses to Recognize Either Heney or Ruef in the Court.

GRAND JURY IS EMPANNELED

Heney States to Court That First Charges for Grand Jury Will Be Against Ruef on a Charge of Felony.

SAN FRANCISCO, Oct. 26.—After a day of tremendous excitement, District Attorney Langdon, who was last night suspended from office by Acting Mayor Gallagher, was apparently in a victorious position and has gained a temporary advantage over city officials and prominent politicians, whom he had previously announced that he proposed to indict for felonies and misdemeanors.

Almost at daybreak, Attorneys representing District Attorney Langdon, who was at Woodlawn, appeared at the residence of Superior Judge Sewell and obtained a temporary restraining order, restraining the political leader Abe Ruef, whom Acting Mayor Gallagher had appointed district attorney to succeed Langdon, from interfering with officials or the affairs of the district attorney's office. Judge Sewell set the case for hearing one week from today. The writ of injunction was served on Ruef and the board of supervisors at an early hour this morning. Under the restraining order, Langdon or his assistant, F. J. Heney, are not to be disturbed from acting in their official capacity.

The excitement of the day came with the proceedings this afternoon in the court of Superior Judge Thomas F. Graham, when the nineteenth and final member of the new grand jury had been chosen, and where it was expected that the court would settle the question of recognition of either Langdon or Ruef as district attorney. When the desired juror was accepted, Heney arose and made objections to the actions of a deputy sheriff who had attempted to search him on several occasions. Ruef stated that the deputy sheriff was acting under his instructions, it being Ruef's belief that Heney was armed. The court warned the deputy sheriff to cease annoying Heney. Ruef attempted to address the judge "as an officer of the court." Heney objected to Ruef assuming such right. It was expected that the fate of Heney or Ruef would be decided, but Judge Graham declined to pass upon the issue or recognize any one officer of the court. He declined to hear further argument on the subject. Ruef, however, succeeded in obtaining permission to speak as "an attorney at the bar," and declared that he wished to proceed with the examination and qualifications of certain grand jurors. Heney interrupted, saying that the first thing he intended to present to the grand jury was evidence supporting charges of felony and misdemeanor against Ruef. At this juncture objections came from Attorney General Webb, who declared that the court should not permit such statements to be made before the grand jury, as it might disqualify them and he averred that there was a possibility that they had already become disqualified. Webb then announced that he intended to assume charge of matters before the court. Judge Graham ordered the jury dis-

missed until next Monday. Heney objected strongly against the order, saying that District Attorney Langdon knew what matters would be presented to the grand jury in its first hour and that time would now be given to bribe certain witnesses and get them out of the country. Court then adjourned until Monday.

During all these proceedings a crowd of over three thousand people had assembled at the court room. Before court opened the crowd packed the court room corridors and a big squad of police was summoned to eject them. The police did not use the most gentle methods and several prominent citizens were roughly thrown into the street in a damaged condition. Later certain people were admitted to the courtroom, it being noticeable that a large percentage of the gathering consisted of policemen in plain clothes. Several thousand people were on the outside and when Langdon and Heney appeared they were cheered vociferously. When Ruef appeared they hooted and hissed. The angry citizen attempted to strike the political leader as he made his way to his automobile, but the police seized him. Ruef was attended by two detectives from the police department.

When notified of his removal by Abe Ruef, Francis J. Heney made the following statement:

"The course of Acting Mayor Gallagher and the board of supervisors in suspending Langdon from office and appointing Ruef acting district attorney, followed by Ruef's removal of myself, as assistant attorney, is not only illegal but so revolutionary in character that it may well be doubted whether those unconvicted felons have not suddenly

SKAGIT IS RISING

Danger of Railroad Tracks Being Washed Out.

MANY HOUSES ABANDONED

Town of Minkler Covered with Three Feet of Water and Loss to Stock and Crops Will Be Considerable.

SEATTLE, Oct. 26.—A Sedro Wooley special to the Post-Intelligencer says that the Skagit river immediately south of the city, is a mile and a half wide and still rising. Water from the river in Sterling Bend district has gone over the Great Northern right of way and it is feared will carry the road grading.

The damage to mills and lumber farms and stock is inestimable. The town of Minkler is standing in a lake three feet deep and many houses have been abandoned by the people. At Mt. Vernon the river is at a standstill. The trucks of the Great Northern railroad at this point are under several inches of water and unless the flood abates, traffic will be interrupted on the road.

THREE MEN DROWNED.

SEATTLE, Oct. 26.—A Post-Intelligencer special from Sedro Wooley says: Word has just been received that Messrs. Mulkey, Simpson and Jewel lost their lives while attempting to cross Baker river in a boat. The boat was capsized by floating logs, throwing them into the river, and being unable to swim, all three were drowned. Mulkey leaves a large family.

SIGNED ARTICLES.

Joe Gans and Kid Herman Sign Articles for Finish Fight.

CHICAGO, Oct. 26.—Joe Gans, champion lightweight of the world, and Kid Herman signed articles for a fight to a finish, to weigh 133 pounds two hours before the fight. The fight will be pulled off before the club offering the largest purse. The winner is to take 65 per cent and the loser 35 per cent. Siler has been agreed upon as referee.

TRUSTS AND COMBINATIONS

Senator Raynor Addresses Large Audience.

FOR REVENUE TARIFF

Colossal Combinations Make Their Own Prices for the American Consumers.

TARIFF CONSIDERS A FARCE

Over Three Hundred Trusts in the Land With a Capital Aggregating Over Eight Hundred Million Dollars of Capital.

BALTIMORE, Oct. 26.—Before an audience which filled the Lyric last night United States Senator Isidor Raynor delivered what will prove perhaps the most important speech of the Democratic Congressional campaign in this state. Senator Raynor addressed himself chiefly to the subject of the tariff, saying in part:

"I am not a revolutionist on the subject of the tariff. I believe in a revenue tariff and I would not destroy or impair a single business interest in this country that was making a legitimate profit out of its enterprise, but I am an inveterate enemy of the colossal combinations that are making their own prices for the American consumers, and who no longer require the protection of the government for their support.

"The United States Steel Trust can go to Canada, Mexico or any place else, pay great freight and undersell the foreign market, and here it declares it cannot compete with the foreign market and is given a prohibitive duty of 40 per cent ad valorem to keep the foreign product from our shores.

"You will readily understand why there are so many of these trust combinations in the land, nearly 300 alphabetically arranged. The capital amounted to about \$800,000,000 before the Dingley tariff bill was passed. Now, based on the reciprocity fraud and the prohibitive provisions of the bill, it is more than six billion. The steel trust alone represents \$1,500,000,000, and pays dividends of \$150,000,000 yearly.

"The President says we ought not to interfere with the tariff on these trusts because it might affect the profit of individual enterprises that are in competition with them.

"With great respect, what a perfect farce this is. There are no private enterprises in competition with them.

"Is there any wonder that the President was not in favor of the bill prohibiting corporations from contributing to federal elections? It passed the Senate unanimously, but it met its quietus in the House of Representatives. It would never have done to pass this bill before an election, because, where would the funds come from that would enable the Republican party to carry the elections?

"This bill would have been a great blessing to the country and I am anxious to see at the next session of Congress whether as Speaker Cannon calls it, that body will be in a sufficiently judicial frame of mind to pass this enactment."

SCHOONER WRECKED.

SANTA BARBARA, Cal., Oct. 25.—The Japanese fishing schooner Sea Lion was wrecked at Dicks Harbor, Santa Cruz Island, according to a report received here today. The vessel dragged her anchor in a heavy sea and was driven ashore and completely wrecked.

TAUGHT TO STEAL.

Fifteen Year Old Boy is a Pickpocket; Arraigned in Court.

NEW YORK, Oct. 26.—When Hyman Grossman, a 15-year-old lad, was arraigned in the children's court yesterday on a charge of picking pockets, he not only admitted the charge, but swore that a man had taught him to steal and sent him out every morning to look for victims. The boy said his parents were dead and he lived with Harry Stein and the latter's wife.

"Does Stein know that you steal?" asked Justice Zeller.

"He's the one who put me up to it and taught me," replied the boy. The youngster then went on to tell how Stein instructed him for weeks in the art of picking pockets before he sent him out. He said he had to practice for hours every day on Stein and his wife, relieving them of wallets, pocket-books, watches and jewelry, until he became so adept he could rob them without their knowledge. If he did the job in a clumsy fashion, Stein would beat him.

Stein, who was in court, was placed under arrest. The detectives later searched his house and found a quantity of stolen goods.

VOTE OF CONFIDENCE.

MADRID, Oct. 26.—The cabinet has decided to demand a vote of confidence in the Cortes in the matter of the government's policy. In the event of an adverse vote the unanimous resignation of the ministry is expected.

INVESTIGATE JAPS

Secretary Metcalf Leaves for San Francisco Tomorrow.

JAPS EXCLUDED FROM SCHOOL

Prejudice Against Japanese in San Francisco Growing Stronger Every Day and Government Will Make Thorough Investigation.

SAN FRANCISCO, Oct. 26.—The situation here regarding the increased influx of Japanese to the city and state is assuming a serious matter. At the demand from certain organizations, two Japanese students have been excluded from the public schools. The matter was reported to Washington and Secretary Metcalf of the Department of Commerce and Labor, will leave Washington tomorrow for this city to make an investigation and make a full report of the situation as affecting the Japanese here. It is alleged that Japanese children are being excluded from the public schools, and other strong prejudices against the Japanese race exist. The feeling against the Japanese is extending all over the state.

REINSTATE JAPANESE PUPIL.

Judge Wolverton Issues Injunction to San Francisco School Board.

SAN FRANCISCO, Oct. 26.—Judge Wolverton of the United States Circuit court yesterday issued an order to the board of education of San Francisco citing that body to show cause why an injunction compelling the reinstatement of I. Yasuhara, a Japanese pupil recently excluded from the Pacific Heights grammar school, should not be issued. The board is ordered to answer on Nov. 5. This order was issued following an application for an injunction presented to Judge Wolverton with the intention of making this a test case. The application for the injunction is made on the grounds that the present resolution of the Board of Education excluding Japanese pupils from the city schools is in violation of the Constitution of the United States and also in violation of a treaty now existing between the United States and the empire of Japan.

TICKET IS OUSTED

Supreme Court Decides Against Independents.

AN APPEAL TO BE TAKEN

Hearst Managers Cry Fraud and Corruption Against Republican Managers

CORTELYOU IN NEW YORK

Will Show Republicans How to Raise a Campaign Fund and How to Disburse It in the Interests of the Party.

NEW YORK, Oct. 26.—The Supreme Court of the state of New York today decided that everyone of the Independent League candidates for assembly, senate and congress were not legally nominated and were therefore thrown off from the ticket. The attorney for the league announced that an appeal would be taken immediately to the court of appeals.

Max F. Ihmsen, chairman of the executive committee of the Independence League, and manager of W. R. Hearst for governor, today made the statement in which he charged that the Republicans are attempting to raise an enormous corruption fund for the purpose of electing Mr. Hughes. He also declared that Postmaster-General Cortelyou had come to New York to show Chairman Woodruff of the state Republican committee, how to raise such a fund, and how to disburse it.

Immediately after this statement, Chairman Woodruff issued a statement denying the statements made and stated that not one dollar had been contributed by any corporation to advance the interests of the Republicans.

Hearst was very badly treated at the mass meeting tonight. It was advertised that 10,000 laboring men would escort him to the hall, but when the time came, only about 2,500 were in line, and they left the hall as soon as Hearst began speaking. There seems to be an undercurrent of feeling among the laboring classes against Hearst, and the Republicans are very much encouraged over the disaffection in the Democratic ranks.

CAN CURE CONSUMPTION.

Vaccination to be Adopted by Scientists For Tuberculosis.

SYRACUSE, N. Y., Oct. 26.—Dr. R. P. Ravenar, assistant director of the Henry Phipps institute for the study of tuberculosis at Philadelphia, made some interesting statements yesterday in an address on "Hereditary Portals Entry of Infection and Immunity in Tuberculosis." Dr. Ravenar said it was reasonable to expect that in the near future persons would be vaccinated to make them immune from tuberculosis. He said that nothing had done more harm in the effort to prevent tuberculosis than the belief by many that it is in the family and that there is no use to fight against it. The speaker stated that ninety per cent of all persons upon whom post mortems have been made have had scars on their lungs, where tuberculosis has been healed.

TERRORISTS SHOT.

WARSAW, Oct. 26.—Three terrorists, sentenced by drumhead court martial, were shot here today. Over 150 terrorists have been arrested.

JUST LIKE WOMEN.

Woman Married to Four Men at Same Time and Glad of It.

NEW YORK, Oct. 26.—In the police court yesterday a cook who was Miss Augusta Brunning before she admitted marrying four men appeared before Magistrate Steinert, charged with bigamy and was held in \$5,000 bail for the grand jury, after undergoing examination. Of her four husbands, three were in court.

"I did not know I was doing wrong by marrying these men. They were all so nice and sweet and I loved them all. Besides, they worried me to marry them so much," said the woman.

WIRELESS TELEGRAPH.

Proves a Valuable Assistant to the Government Business.

WASHINGTON, Oct. 26.—A remarkable achievement in wireless telegraphy is reported to the Navy Department from the Pensacola station. That plant has been able to keep in constant communication with the steamer Preston from the time that vessel left New York until it arrived at Honduras. The station also received messages from the Preston while the ship was entering New York harbor, where she was undoubtedly bathed in electric waves from other stations and ships.

BASEBALL.

At Fresno—Seattle, 0; Fresno, 2.
At Los Angeles—San Francisco, 4; Los Angeles, 2.
At Oakland—Portland, 3; Oakland, 6.

BANK DYNAMITED

Odin Illinois Bank Blown Up With Dynamite.

ROBBERS PROBABLY ESCAPE

Several Shots Fired at the Gang by Men Who Heard the Explosion and Rushed to The Scene.

ST. LOUIS, Oct. 26.—A special to the Republic from Odin, Ill., says:

The Bank of Odin was dynamited and looted by a gang of safe robbers at an early hour this morning. The report of the explosion attracted a crowd of citizens to the scene and a running fight ensued in which more than thirty shots were fired. The bandits escaped with all their booty, the amount of which is not known.

Edward Parks, night telephone operator, was the first man on the scene after the explosion. When he heard the report he ran from his office toward the bank. He was halted on the way by the lookout of the robbers, who fired at him. Parks emptied his revolver at the robbers and ran back to his office. By this time Robert Lockhart, night station agent of the B. & O., Jacob Albert, telegraph operator, and a half dozen others arrived and opened fire on the robbers. None of the citizens who engaged in the battle was hurt. It is not known whether any of the robbers were wounded. According to those present there were three robbers in the party.

The Bank of Odin is a private institution. It is uncertain at this hour how much cash was on hand.

CALIFORNIA FAILED.

New Cruiser Again Failed to Make the Endurance Test.

SAN FRANCISCO, Oct. 26.—The new cruiser California again failed today to make the endurance test. After a run of one hour and a half outside Golden Gate, during which she exceeded her contract speed of 22 knots, she was forced to return to port on account of an over-heated journal on her port engine. She will have another trial next Tuesday.
